- Kharar, Mohali, Punjab
- Portfolio: literallymanan.vercel.app

## SUMMARY

CSE student with full-stack oriented experience building and deploying production-grade web applications. Skilled in React, Node.js, MongoDB, and REST APIs with a strong foundation in DSA, OOP, and cloud deployment.

## EXPERIENCE

### Web Development Intern

*Kloudera Technologies* *2 Month, Remote*

- Designed and built new website based on company requirements; identified and resolved UI/UX issues to improve overall site quality.
- Reviewed existing website pages and suggested actionable improvements; implemented responsive design enhancements for cross-device compatibility.
- Contributed to website quality enhancement through structured testing and iterative UI refinements aligned with design guidelines. [Certification link]

### Web Development Intern

*HimSoft Solutions* *2 Month, Office Work*

- Developed full-stack web applications using Django Framework.
- Assisted in UI/UX testing and data entries.
- Maintained data quality and documented development processes. [Certification link]

## EDUCATION

**B.E Computer Science and Engineering** **2027**

***Chandigarh University*** ***CGPA:7.1***

***Higher Secondary*** **2023**

***Chinar Public School*** ***PCM: 72%***

***Secondary School*** **2021**

***Chinar Public School*** ***75%***

## CERTIFICATIONS

**Coursera:** 4G & 5G Fundamentals · Intro to AI · Big Data Analytics · Cybersecurity Basics · Industrial IoT · Engagement & Nurture Marketing · Java Full Stack Developer

**NPTEL:** IoT (78%) · Cloud IoT Edge ML (70%) · Multi-Core Architecture (68%) · Foundations of Cryptography (70%)

**LinkedIn:** Critical Thinking & Problem Solving

## SKILLS

**Languages:** JavaScript, Python, Java, C++, C, SQL, HTML, CSS

**Frameworks & Tools:** React, Vite, Node.js, Tanstack, FastAPI, Tailwind CSS, Chart.js, Git/GitHub, Vercel, Render

**Databases:** MongoDB, Mongoose, Prisma

**Concepts:** REST API, SSE Streaming, JWT Auth, DSA, OOP, DBMS, OS, AI/ML, IoT, CI/CD

**Soft Skills:** Leadership · Team Collaboration · Critical Problem Solving · Creative Thinking · Time Management

## PROJECTS

### Kloudera Technologies – Corporate Website Development

*Full-Stack Web Development | React, TypeScript, TanStack Start, Tailwind CSS, Vite, Resend API*

- Redesigned and developed a modern, responsive corporate website for **Kloudera Technologies**, enhancing user experience, navigation, and overall visual appeal.
- Built reusable UI components with **React, TypeScript, and Tailwind CSS**, smooth animations and responsive layouts.
- **Live:** Kloudera.ai

### Remote Desk – Website & Web App Development

*Full-Stack Development | [React, TypeScript, Node.js, Tailwind CSS, Firebase, React Native/Flutter]*

- Designed and developed **Remote Desk**, a cross-platform solution comprising a responsive website and a web app that lets users **[main purpose, e.g., access and control their computers remotely]**.
- Built reusable UI components and responsive layouts using **[React, TypeScript, Tailwind CSS]**, delivering a smooth, consistent experience across web.
- **Live:** remotedesk-psi.vercel.app

### MUSEO | Mood-Based Multimedia Discovery Platform

*Next.js, React, TypeScript, Tailwind CSS, Framer Motion, Prisma, Supabase*

- Designed and developed a Pinterest-inspired multimedia discovery platform for exploring copyright-free images, videos, and music through a personalized, mood-based interface.
- Integrated user authentication, guest browsing functionality, and a custom music player for an immersive multimedia experience.
- **Live:** remuseo.vercel.app
